In the Claims

Please amend the claims by substituting the following claims 1, 4-7, 10, 12, 13, 15, and 21 for those pending claims with the same numbers and add new claims 23-29 as follows:

Subc B' 1. (ONCE AMENDED) Method of optimizing a training comprising the steps of:  
detecting parameters inherent to the body of a user during a training;  
converting data corresponding to the detected parameters into verbal training information for the user; and  
outputting said verbal training information to the user by a portable sound playback device.

Subc B 4. (ONCE AMENDED) Method according to claim 1, further comprising the steps of:  
providing an individual training program on a computer in the form of a music compilation prior to the training; and
